Valtice underground

Title: Valtice underground

Cellar labyrinth of the restored historic wine cellars, interconnected with a total length of 710 m. The wine and refreshments are served by "sklepiéři" (sommeliers) - wine serving experts with knowledge of the local vineyard environment. Tastings for individuals and groups are held here. Of course cellars offers possibility for corporate and private events, weddings, birthdays, celebrations, with hot and cold buffets. The tour Valtice Underground is an exhibition of signed historic brick, fossils, as well as petrified horse tails, with commentary and accompaniment of traditional folk music.
